Draw, paint, sculpt the figure anytime and anywhere with this portable figure reference. This ebook shows you one pose photographed on a rotating platform with the photos making a complete 360-degree view around the figure. See 28 photos—one every 15 degrees as the models turn through a full circle, plus overhead views. Choose your preferred view for 2D art, like painting, or see the whole figure for 3D art, like sculpture. Zoom in to see details in hands and face and other tricky areas, giving you even more options for how to use the photos. Whatever your goal, such as practicing to improve your skills, or creating a finished work of art, or just unwinding at the end of a long day with some figure drawing, PoseSpace.com Poses provide a quality reference you can come back to again and again. Don't spend hours searching for reference material only to find photos of questionable content and dubious quality. We've spent years in the studio and you get the benefit—expertly crafted photos designed specifically

for figure art so you can get right to the part you actually like: creating art. This ebook has the Jenni037 Pose from PoseSpace.com, as shown on the cover.
