O objetivo deste livro é apresentar ao leitor uma abordagem prática e atualizada do chamado planejamento com cenários. Essa é uma técnica que tem origem tão remota quanto à própria disciplina estratégica empresarial, mas que ganhou feição própria. Na atualidade, planejamento e estratégia devem ser compreendidos como conceitos complementares. Enquanto estratégia relaciona-se com o posicionamento organizacional, planejamento refere-se à preparação de ações.

Assim, o termo planejamento com cenários tem o significado de busca de uma antevisão do ambiente externo para dar suporte à tomada de decisão nas organizações.
